

(Your) Lutheran School is in the process of being re-accredited by **National Lutheran School Accreditation**. The format being used for this process requires us to identify 3-5 goals on which we will spend time and dedicate our efforts over the next seven years. You are being requested by the Steering Committee to help in selecting and identifying these goals.

You will notice that the Steering Committee has narrowed the list of possibilities to eight, lettered “A” through “H.” Behind option A are two rows of letters, with one row all A’s and the second row representing options B through H. Option B has a similar arrangement, etc. In completing this exercise, please follow these directions:

1. Behind statement A, consider the first letter A, and the letter B under it. These letters represent statements A and B. If statements A and B were the only two possibilities for you to consider, and you had to choose one as a goal to address, which would you choose? Circle that letter.
2. Then compare statement A to statement C. If statements A and C were the only two possibilities, and you had to choose one as a goal to address, which would you choose? Circle that letter.
3. Follow this process all the way through comparing statement A to each of the others through statement H. Circle your choice in each case.
4. Now you are finished with statement A. Next compare B to C, make your choice and circle it. Compare B to D, B to E, etc.
5. Work your way through the entire eight statements in this manner.
6. With each selection only consider the two options available for that choice. Do not let any other option influence your decision in that choice.

**THANK YOU** for your efforts at making (Your) Lutheran School an even better school than it already is.

Please return this no later than **Thursday, December 23** to (Name) in the school office. If you have questions about completing this form, please contact (Name) at school (phone # ) or home (phone #).
