FOREWARD

Becoming accredited is a strenuous process. The school and its administration are highly commended for their efforts in this ongoing accreditation process. The preparation and the arrangements for the Validation Team were well done. It is the hope and prayer of the members of the Validation Team that the enclosed document is accurate and helpful for the continued improvement of **Immanuel Lutheran School**.

The members of the Validation Team express sincere gratitude to the administration, staff and community of **Immanuel Lutheran Church & School** for the opportunity to serve on the Validation Team and for the kindness shown during the visit.

Immanuel is a good program. This was reflected not only in the Self-Study Report but also in the comments and observations of the Validation Team. The school effectively represents the Christian faith and values not only to its children and families, but also to the surrounding community.

The Self-Study Report is carefully written and includes specific recommendations to be considered seriously by the school and all constituents of **Immanuel Lutheran** and its sponsoring congregation, Immanuel Lutheran Church. Not every suggestion must be followed, however, each is to be considered and addressed in follow-up reports, specifically the annual ongoing cumulative report submitted to the school's district office.

The report was written collaboratively and edited by the Validation Team with minor editing completed by the Team Captain. The report reflects the talents and expertise of all team members. Wherever possible, specific and practical recommendations were made to help address concerns.

The Team Captain, Team Members and the Consultant pledge their continued support and assistance in the implementation process and look forward to hearing about and/or seeing the progress of the School Action Plan.

May the Lord richly bless the staff and constituents of **Immanuel Lutheran** so that with the power of the Holy Spirit they might continue to proclaim His Gospel ever more effectively to the children and families they serve.

In His Service,

Emily Anderson
Validation Team Captain

The Validation Team assessed the effectiveness of the total school program in meeting the educational objectives and National Lutheran School Accreditation Standards.

It is not the purpose of the Validation Team to evaluate individual teacher performance. TEAM FINDINGS

The Team Findings section presents the Validation Team's evaluation of the NLSA Standards and Indicators. It also identifies Strengths, Concerns and related Recommendations that were identified by the Validation Team through a review of the school's prepared documentation along with observations and interviews that were conducted during the visit.

Accreditation Standards and Indicators

Standards define what's important for schools to be successful. In an accreditation self-study process they provide the educational community with the opportunity to evaluate school's effectiveness, identify strengths and concerns and plan for intentional and continuous improvement. They establish benchmarks that schools must achieve through intentional planning and assessment. The NLSA standards are a compilation of expectations related to what is most important for Lutheran schools. They have been refined and adjusted and align closely with the research based standards that have been prepared by secular partner accrediting agencies. They allow Lutheran schools to use the very best that the educational community has prepared while staying true to the mission of sharing Christ with children and families.

This section contains an evaluation of each NLSA Accreditation Standard and Indicators, conclusions related to strengths and concerns that were identified by the visiting team and evidence and practices that led to the team's conclusions. Indicators are evaluated and rated individually by the visiting team using a four-level performance rubric. The Standard Performance Level is the average of the indicator scores for the standard.

Highly Functional (4) — This is an area of outstanding strength of the school. It not only meets ALL the benchmarks related to the General Indicator of Success, but is supported by extensive documentation and/or observable practices that exceed expectations related to the indicator. This indicator establishes practices for other Lutheran schools to consider. The Validation Team verifies that these practices and/or documentation exceed the Operational (3) level.

Operational (3) — This is the expected rating for a strong Lutheran school. ALL benchmarks must be met completely for this indicator to be considered Operational. The condition is supported with documentation and/or observable practices that support the rating.

Emerging (2) — Improvement is required in this area. If one or more benchmarks are not fully met, the rating must be Emerging. This indicator is recognized as important by the school, but is inconsistently applied. Any benchmark not fully met must be addressed in the School Action Plan.

Not Evident (1) — There is observable conflict or deficiency with this indicator at the school. A majority of the expected benchmarks are not met or addressed with sufficient practices, evidence or documentation. This rating may result in the assignment of Provisional Status. This must be addressed in the School Action Plan.

Review of the School Action Plan

As a school conducts its Self-Study process, it identifies areas needing improvement. These items are usually rated as **2 (Emerging)** showing that the condition is recognized as important by the school but is inconsistently or irregularly applied. It is not supported with sufficient practices, evidence or documentation and there is room for improvement in this area. A rating of **1 (Not Evident)** means there is observable conflict or deficiency with the condition at the school or that the school does not enact this condition.

Items that have been identified as **2 (Emerging)** or **1 (Not Evident)** require planned improvement actions. Over the course of the school's accreditation cycle, the items must be targeted (with a completion date), assigned, evaluated and completed. The School Action Plan is the organization's roadmap, guiding the improvement process during the school's accreditation cycle.

Certain items will be rated as **3 (Operational)**, and while the condition is in place and functionally supported and practiced, it may not always be fully enacted or easily evidenced in every aspect of the school program. The school functions acceptably in this area and the school is not required to develop ways to improve in this area.

In a narrative, please address the following aspects of the school action plan:

- What is the Validation Team's evaluation of the realistic attainability of the plan as a whole?
- Were any items not addressed in the School Action Plan that were identified by the school in its Self-Study Report?
- Does the team wish to target additional action items not identified by the school in its Self-Study Report?

The School Action Plan for Immanuel Lutheran School is achievable through goal setting. Some action items will be easily accomplished and others will take more intentionality and time investment. In particular, the staff professional development plan, the technology plan, and written curriculum, will take longer to accomplish. All staff members should contribute to the development of these tasks.

Given the current circumstances of being in the middle of a world pandemic caused by COVID-19, the Validation Team felt it necessary to include that Immanuel Lutheran School is not currently in compliance with Minnesota Executive Order 20-81 which requires face coverings in all public spaces including nonpublic schools. Knowing that Lakefield is a community that has chosen not to enforce the mask order and also recognizing that the mask order may end or be modified at any given time, the Validation Team is allowing time for the Immanuel Lutheran School community, principal, and board leadership to adapt and communicate expectations of enforcement. By the start of the 2021-2022 school year Immanuel Lutheran will need to be in and remain in compliance with state mandates.
